## Project Information

- LEADENHAM POLO CLUB
- POLO PITCH CONSTRUCTION
- VALUE: £73,000
- OCTOBER 2006

A J Morris were commissioned to construct a polo pitch and the surrounding embankments covering a 100,000 m<sup>2</sup> area.

Key tasks included;

- Site strip
- Stock piling topsoil
- Cut & filling
- Laser levelling the entire plateau
- Re topsoiling

- Laser levelling up to +/- 10mm to a high standard
- There was no import/export needed on the site, as the value engineering design was completed, therefore ensuring this project was cost effective and carried out in a proactive manner and to a high standard.
